YouTube Easy Access Powered Lifts

Effective Feb 20 17

Manufactured in Canada

Deck hoist is adjusted by power drill (not supplied) **to raise and lower deck and equipment**

Railings are easily pushed out & retracted at height

Lower railing sections & corner wheels lift up to clear rooftop equipment

- **500 lbs rated for 2 workers** (with 4 to 1 safety factor)
- **10' x 30" deck dimensions**
- **Leading rails padding** (not shown)
- **Low profile wheel assemblies for low clearance**
- **Adjustable lower perimeter railings**
- **Safety, set up instructions & labels**
- **Powder Coating available upon request.**

- **Safety Compliant**
- **7' height range**
- **54" width footprint** (exceeds 3 to 1)
- **Deck locks in at each corner**
- **Worm gear freefall protection**
- **Extension ladder worker access**
- **8" locking wheels**

Transit Busses

Recreational Vehicles

Highway Trailers

Complete Packages:

RV & Transit Bus Maintenance: includes 22" height extension frames for **12' 8"** max height
$12,795.00

Highway Trailer Maintenance: includes 34" height extension frames for **13' 8"** max height
$12,995.00

Customizable - please call to discuss your application.

Sturdy Deck Work Platforms

New 'table' frame design - no wheels - anti slip deck surface

- High tensile welded aluminum construction
- Safety tread anti-slip deck surface
- 500 lbs rated weight capacity
- 250lb rated extension ladder
- Fold flat for transport & storage

Effective Feb 20 17

Work Platforms — 20" width maintenance decks

Heavy duty work platforms for fixed deck heights. For applications where height adjustment isn't required.
Most Sturdy Deck frame legs fold down to within the length or slightly longer than the length of the deck.
